

# March 10 2025

## Attendees:

Ashley, Adam, Braden, Spencer, Ben C, Steven, Ben D

## Goals:

- Discuss what everyone has been working on

## Notes:

The meeting began with all members discussing what they have been working on since the last meeting. Adam talked about purchase log tables, and specific tables he dropped and will be adding back into the database to ensure everything is working correctly. Ben C discussed the testing he is completing on his pages that he has implemented. Braden said the frontend of the item page is done and he is now working on connecting it to the backend. Spencer mentioned he is connecting the store dashboard to the backend as well. Steven mentioned he is now working on testing, he fixed the errors that he had. Ben C discussed how the application can now load the store. Ben D was assigned researching into stripe. Ashley mentioned designs worked on.
