

April 2 2025

Attendees:

Ashley, Braden, Adam, Ben D, Steven, Ben C

- Spencer unable to attend

Goals:

- Discuss progress made this week

Notes:

Meeting began with a discussion on what everyone had been working on during the week. There was a discussion on the database and the correct credentials and how to connect to it properly. Ben D discussed changes that he made to the application and mentioned that he pushed them. Ben C, mentioned he still has to merge the push. Meeting continued with a discussion on errors being had by Ben D, and how he can mitigate them. Ben D mentioned he primarily worked on stripe and payment processing (both the frontend and backend are working) and review components for that the user writes. Braden and Steven they are both working on their tickets. Adam discussed that me worked on triggers for quantities and is adding more stuff to the main item. Ashley discussed the sprint logs that she's working on.
