

# April 22 2025

## Attendees:

Ashley, Spencer, Adam, Steven, Braden, Ben C, Ben D

## Goals:

Discuss final pushes

discuss presentation

## Notes:

Meeting began with a discussion on what has been done since the last meeting. Ben C mentioned he made adjustments the store page regarding responsiveness and functionality changes. Currently working on fixing the store navigation page and mentioned that the shopping cart layout is now responsive. discussed the demo that he is going to do for the presentation, and discussed authentication errors that other members were having to try to help fix them. Adam mentioned he got d3 working for the charts in store analytics and got the first chart working, he will be working on implementing more charts going forth. Ben D discussed various fixes he has been working on and fixing API issues.

Team also discussed authorization problems and discussed merge conflicts that were were having in addition to updating all the team members branches to ensure everyone is working with the most up to date version of the application.

Ashley reminded everyone to do the peer evaluation, and to update their slide tags in the slideshow before the presentation tomorrow. also discussed the slideshow and how the presentation is going to go tomorrow with the team agreeing to meet before the presentation with our ta and professor.
