

April 18 2025

Attendees:

Ashley, Ben C, Spencer, Braden, Steven, Ben D

- Adam unable to attend

Goals:

- Discuss tasks that have been completed since last meeting
- Discuss final presentation

Notes:

Last weekend before presentation

Final contributions by Monday morning

Meeting began with a discussion on the final presentation. Ashley mentioned that the presentation slides are finished and are ready for the team to review and talk about in the next meeting. Ben C mentioned that he wants all final pushes before the presentation to happen Monday morning so he can handle all merge conflicts before the presentation. Discussion about the store creation pages was brought up with spencer discussing the controller he was working on, and him using swagger to test the requests. Also discussed the authorization token and Ben D will be aiding spencer with the store creation pages. Ben D mentioned he did much refactoring for the mobile view of the application and discussed a store editor component and working on getting the functionality done. Ben C discussed he will be looking over the CSS and making final fixes to the front end.
