jan 31 2025

attendees:

Ashley, Ben C, Adam, Braden, Ben D, Spencer, Steven

Tasks:

- discuss how task are going

Notes:

Meeting began with a discussion with how everyone is doing with their assigned tasks, discussion on the scope of listings was brought up. The ability to have both size and colour of listings that are clothing items - agreed that the listing should be able to have this, with the price of these items varying but the display price on the page will be the lowest price available. Discussed some git problems that Ben D was having and Ben C aided in clarification with on the problems. Discussion on writing testing scripts like unit and n unit.
