Feb 18 2025 - progress report one meeting

Attendees:

Meeting with professor Naser and our TA Madeline Janecek

Group members that attended

Ben C, Ashley, Ben D, Braden, Spencer, Adam,

- Braden was streaming the meeting for Steven as Steven could not attend due to technical issues

Notes from the meeting

Specific feedback from Professor Naser

→ use GitHub AI, and use AI tools to speedup progress, please make sure everyone is contributing to the project in the GitHub specifically as well

Specific feedback from Madeline

→ GitHub insights are looked at for the progress report, please try to have everyone have at least one commit. Ensure that everyone is contributing to the project and that is reflected in the report contributions.

→ on track for everything

General Notes about our project and the progress we have made from the meeting

Ben C did a demo of what the site looks like and functionality that has been implemented

showcased the database.

Discussed what is planned for the next couple sprints, talked about URLSs and social media.

Also discussed how tasks are being divided up.
